Fall Food Drive

On Tuesday, October 11, we took the students out into the neighborhoods of Dickinson to distribute

grocery bags with notes stapled on the front explaining our mission to help the Veterans' Closet and Amen Food Pantry. It was extremely *windy*. We prayed that the bags wouldn't all fly off the door handles. We did have a few bag casualties

that took off as kites and there was no retrieving them!

When we went back the following week, unfortunately, it was the smallest take we have had in the years that we have been doing this. But we were thankful for the bags that were filled which we took to the Veterans' Pantry. They were grateful to get a nice variety of items for those they serve.

Math Facts Practice & Typing Club

Grades 3-8 may practice their math facts and keyboarding skills using [MathFactsLab.com](https://www.MathFactsLab.com) and Typing Club at invihill.typingclub.com. Their login information for both applications should be on a slip of paper in their daily folders. Keyboarding is an important skill to learn correctly. If your child practices keyboarding at home, please encourage him/her to use proper posture and fingering rather than the oft-preferred "hunt and peck" method.

Francisco Javier

We are still sponsoring Javier this year. His latest update is posted on the little bulletin board by the office door. Thank you to those who continue to give to support this young man.

Mission Fair

The Mission Fair is scheduled for Saturday night, December 10. We encourage everyone to get involved making homemade items, edible, wearable, or decorative, for the purpose of supporting worldwide Adventist missions. If you decide to go the edible route, we encourage that the items you make promote good health, please.
